ABOUT

A highly self-guided and creative video producer, cinematographer, and editor with a strong passion for creating and telling stories that make an impact through commercials, documentaries, and short-features. Experienced in a wide-range of video projects from inception to completion. Strong project management and organizational skills, with a track record of consistently delivering within deadlines.

PROFESSIONAL EXPERIENCE

- May 2023 – Present

Video Producer

Leidos, Reston, VA

Worked with internal and external customers to plan, shoot, and edit videos for various platforms and audiences such as social media, trade shows, TV Ads, etc. Worked as the on-site producer, editor, and VFX compositor for Leidos' first large-scale TV brand commercial, where I managed the logistics and problem-solved issues to ensure a smooth shooting schedule. Handled the entire post-production side of the project, from editing, working with third-party vendors, and distribution.

Worked with colleagues to introduce Unreal Engine as a new tool for video.

- March 2020 - January 2023

Video Producer/Editor

Nerd Street, Philadelphia, PA

Acted as a versatile producer, cinematographer, and editor for documentaries, short-features, podcasts, product shots, and social-media specific videos.

Produced and edited the highest performing video series at the company with over 400,000 views. Worked under tight deadlines and assisted in unfamiliar roles when necessary to ensure that project quality and obligations were met.

- September 2017 - December 2020

Videographer/Editor

Compass Marketing and Consulting, Tallahassee, FL

Created videos for a diverse client base throughout the North-West Florida region. Produced, shot, and edited brand-videos, TV commercials, podcasts, and short-features. Effectively managed projects from pre-production to post-production while staying within budget and timeline. Developed strong relationships with clients while providing creative expertise on marketing products.
